Subject: Willamette Mercury Variance Document and Meeting Reminder
Attachments: mercury_2019VarianceDoc.pdf

Mercury MDV Advisory Committee:

Attached please find a copy of a DRAFT document supporting the Willamette Basin Mercury MDV. This document compiles all of the information we've discussed at the advisory committee to date to support the MDV, including the justification for the variance, variance requirements and variance application procedures. We will spend some time at the next advisory committee meeting to discuss this document. Because it's relatively long, we wanted to give you as much time as possible to review it so that we can have constructive feedback at the meeting.

As a reminder, the meeting will be held on Thursday, August 1 at 9 am. We have reserved Conference Room 260 at the Oregon Department of Consumer and Business Services, 350 Winter Street NE in Salem. I will follow up with an agenda and the remainder of the supporting materials later, but the meeting will focus on the attached document, as well as any changes that we have made to the proposed rule changes (both the variance authorization rule and the MDV) and fiscal impact statement since the last advisory committee meeting.

Please let me know if you have any questions.

Sincerely,

Aron Borok
